OIL REMOVER

BioWorld: is a Norwegian company manufacturing environmental friendly products within several market segments. BioWorld:Industry, being one of 6 departments, is working with industrial products related to cleaning and oil removal.

Hytek A/S Ingeniører is marketing the BioWorld Brand. If your company is working within one of the areas:

- Environmental protection
- Bunkering
- Offshore
- Shipyard
- Industry and manufacturing
- Shipping
- Transportation of petroleum products

or with possible oil spill problems, our product:

302 OILREMOVER

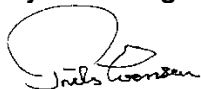

will be interesting to you.

This product do have many excellent facilities which we believe you will appreciate in your daily operations. Follow this link to see how we remove oil by using 302 OilRemover

<http://www.bioworld.no/OljesaneringFilm.html> .

We do hope that this is interesting to you and look forward to discuss our products further with you. Please contact us at truls@hytek.no for more information.

Sincerely yours
Hytek A/S Ingeniører
